

# INGREDIENTS FOR A GREAT PEACH ICED TEA

**Iced tea**  
(infused for a cooler  
era)

**1 ripe peach**  
(who survived May)

**Syrup**  
(to sweeten the tea  
if it's a bit too cool)

**Lemon and  
mint**  
(or only one of the  
two, your choice)

## STEP 1

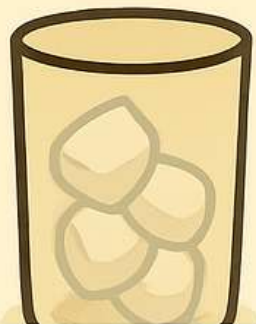

Steep your tea bag for 3 to 4 min.

Don't let your past brew in your mug ☹

## STEP 3

Let it sit at ambient temperature, then pour into a glass full of ice.

## STEP 2

Remove the sachet. Add the honey and peach slices.

Sweetness comes after the extraction.

## ÉTAPE 4

Add your finishing touch.

**They would shape  
the mug if it wasn't  
already done!**

**Breathe. Drink.  
Avoid thinking.**
